Dear California Sex and Arson Registry (CSAR) and Open Image Management System (OIMS) users,

The California Department of Justice is integrating OIMS into the newly enhanced Cal-Photo system. Cal-Photo Image Vault combines Cal-Photo, OIMS and Image Warehouse images into one data base with a new look and functionality. Enhancements include the ability to better manage Cal-Photo and CSAR images, instant biometric Facial Recognition searches, a new photo gallery, and new Mugbook options. Cal-Photo Image Vault is set for production July 2017. Do note, once Cal-Photo Image Vault goes live, OIMS will no longer be available.

Please notify your agency's CSAR and OIMS users of this upcoming change. We have attached Frequently Asked Questions (FAQs) for more detailed information on what your agency should do prior to implementation.

If you have any questions or concerns, please contact the CSAR Help Desk by phone at (916) 210-3118 or by email at vcic.csar@doj.ca.gov.

Please do not submit questions to this email address, as this inbox is not monitored for incoming inquiries. If you have any questions please email/telephone the above contact help desk.
